

Program of the 27th Seminar Day
October 13th-14th, 2016

Thursday, October 13th

Time	Topic	Speaker
13:00-13:10	Opening Remarks	Burkhard König
Session 1		Chair: Sabine Kerres
13:10-13:30	"Solvent-free Photocatalysis: Novel Reactors for Heterogeneous Visible-Light-Driven Transformations"	Martin Obst
13:30-13:50	"Visible Light Mediated Anthraquinone Catalyzed C-H Arylation Using Aryl Halides"	Matthias Schmalzbauer
13:50-14:10	"Photocatalytic ATRA Reactions and Steps towards the Ring Opening of 7-Oxabicyclic Systems"	Peter Ehrnsberger
14:10-14:30	Short Break	
Session 2		Chair: Simon Budde
14:30-14:50	<i>Talk 4</i>	Paulina Dornblut
14:50-15:10	"Photoredox Catalysis with Arenediazonium: Losing and Keeping N ₂ "	Michael Neumeier
15:10-15:30	"Synthesis & Complexation of 1,10-Phenanthroline-2,9-(Bis)Oxazoline Ligands"	Lukas Traub
15:30-16:00	Coffee Break	
Session 3		Chair: Josef Haimerl
16:00- 17:00	"A Historical Survey of Olefin Isomerisation: Seeing the Light"	Ryan Gilmour
17:00-17:15	Short Break	
17:15-18:15	"Bio-Inspired Photocatalytic Isomerisation of Olefins"	Ryan Gilmour
20:00	Dinner (old town Regensburg, Bischofshof)	

Friday, October 14th

Time	Topic	Speaker
Session 4		Chair: Dominik Gigl
9:00-9:20	"Synthesis of arylated nucleobases by visible light photoredox catalysis"	Andreas Graml
9:20-9:40	<i>Talk 8</i>	Alexander Wimmer
9:40-10:00	"Metal-Free C-H Sulfonamidation of Pyrroles by Visible Light Photoredox Catalysis"	Anna Berger
10:00-10:30	Coffee Break	
Session 5		Chair: Andreas Meyer
10:30 -11:30	"High-Throughput Experimentation & Photocatalysis at Merck"	Daniel DiRocco
11:30-11:40	Short Break	
11:40-12:40	"Elbasvir: A Case Study of a Photo-Catalyzed Manufacturing Process"	Daniel DiRocco
12:40-12:50	Closing Remarks	Burkhard König
