

Agenda "Chemical Photocatalysis"

4th Seminar Day: January 20 2010 in Munich

time	topic	who is speaking?	where?
14:00	opening & administration	Prof. Dr. Burkhard König	22210
14:15	lecture: <i>Synthetic Applications of Photochemistry</i>	Prof. Dr. Thorsten Bach	22210
15:45	lecture: <i>Preparative Photochemistry: From Test Tubes to Industrial Applications</i>	Dr. Andreas Bauer	22210
16:15	lab-tour - <i>photochemistry at deep temperatures</i> - <i>preparative continuous flow-systems</i> - <i>radiometrie as tool for quantum yield determination</i>	Ak Bach	42219
17:15	talk: <i>The iron hand in the velvet glove: synthesis by photocatalysis</i>	Prof. Dr. Angelo Albini	22210
18:30	follow-up meeting & snacks		22209
